CUSTOMER TESTIMONIALS

DEEPANKAR LAMBA

A brilliant team and a brilliant experience, you'll be amazed to see how fast you can progress in one day with the training they're carrying out. Big perk here is, you get to ride race spec GT650, they'll give you a full suit and gloves, you just need to carry a helmet. Wherever in the country you are, all you need to do is land up for the weekend with your helmet. You'll meet like-minded folks, train on the track, have great food, get great shots of yourself on leans (which you couldn't even do one day before you came :p). If you're a biker, go for it! Skill up.

DEEPAK VAILAPPILLY

I am participated GT Track experience held at my hometown Thrissur, Kerala on February 2024. My first-time track experience, It was like dream came true, got a chance to meet and learn under national champions Mr. Anish Shetty and Mr. Soorya PM. The entire day felt like lived in a different world where there is National champions, Riders, technical crews, medias, winding track and red color motorcycles. Excellent experience for those seeking upgrade riding skills. Thank you Mr. Pranav for your efforts.
